A MESSAGE FROM OUR CHAIRMAN

Dear Partners,

Throughout history, humanity has protected extraordinary treasures that reflect our culture, identity, and civilization. These timeless assets are more than valuable objects—they represent the stories, achievements, and legacy of generations before us.

PolarisX was established with a clear purpose: to preserve these remarkable assets while embracing the opportunities created by modern technology. We believe that heritage should not remain confined by geography or time. Through responsible innovation, authenticated heritage assets can be documented, protected, and connected to a transparent digital ecosystem.

Our vision extends beyond technology. We are building an organization founded on integrity, trust, and long-term responsibility—one that respects history while preparing it for the future.

At PolarisX, every decision is guided by a simple belief:

**“History deserves to be preserved.
Innovation deserves to be trusted.”**

We sincerely thank every supporter, partner, and community member who shares our vision. Together, we are creating an ecosystem where heritage is protected, transparency is strengthened, and future generations can continue to value the legacy of the past.

ABOUT POLARISX

WHERE HERITAGE MEETS INNOVATION

PolarisX is a heritage-focused Real World Asset (RWA) company committed to preserving, authenticating, and digitally enabling historically significant assets through modern blockchain infrastructure.

Founded on 01 June 2026, PolarisX combines cultural preservation with digital innovation to build a trusted ecosystem centered on authenticity, transparency, and responsible long-term stewardship.

With a curated collection of more than 37,000 heritage assets, representing approximately 200 years of historical significance (based on company information), PolarisX is dedicated to protecting valuable collections while preparing them for a future where secure digital documentation and global accessibility can coexist with preservation.

*At PolarisX, technology is not the destination.
It is the bridge between history and the future.*

HERITAGE PRESERVATION

Preserving historical and cultural assets for future generations.

AUTHENTICATION DOCUMENTATION

Every asset authentic. Every record verifiable.

A WORLD OF ACCESS

Heritage available to everyone, everywhere.

A WORLD OF INNOVATION

Using technology to solve real-world preservation challenges.

A WORLD OF LEGACY

Building a legacy that inspires generations to come.

“ We do not inherit history.
We protect it for those
who come after us. ”

PolarisX

PRESERVING HERITAGE.
EMPOWERING GENERATIONS.
BUILDING TOMORROW.
